- Voice interactions through the Google® Assistant and Amazon® Alexa
- Streamline design for any home decor
- Interaction with in-app smart products such as cameras and smart light bulbs
- Firmware Update via WiFi in the App

SMART

Safe Home. Easy Security.

LTE-400

WiFi & LTE Smart Home Alarm System

Dual networks, double the protection

What's included:

Smart Hub
LTE-400

Pet-immune PIR Motion Detector
PIR-910

Remote Control (x2)
RC-80

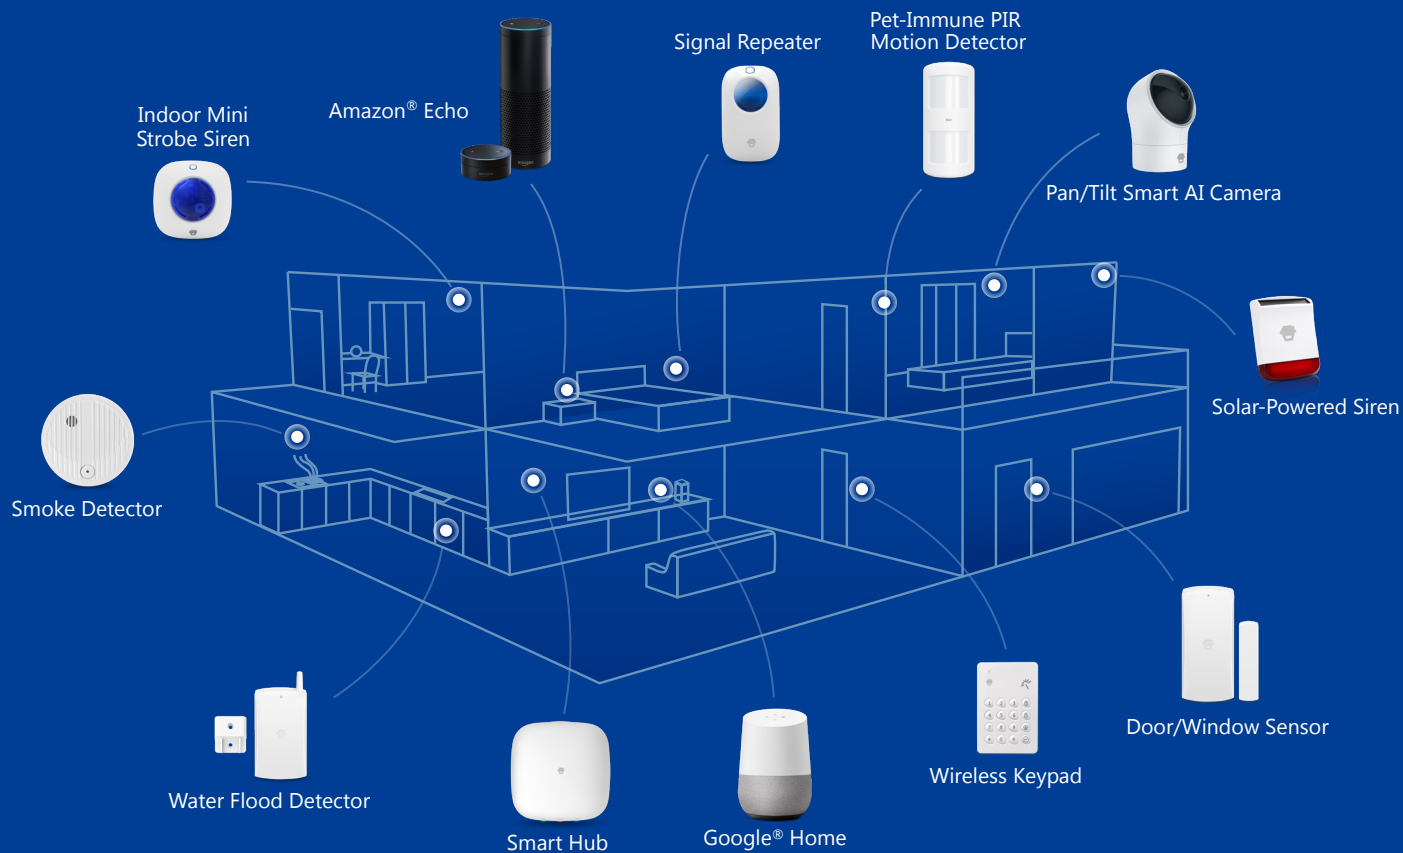

Door/Window Sensor (x2)
DWC-102

- Multiple types of notifications when triggered
- Plug and play, quick and easy installation
- Low battery alerts for sensors
- Operation and event log
- Rechargeable backup battery for 6 hours on stand-by
- 6 timers for auto control based on family daily routine
- Test mode for easy installation without triggering tamper alerts
- Selectable exit and entry delays so you don't trigger sensors by accident

Smart Home & Security

The LTE-400 works with a wide range of wireless, battery-powered sensors and accessories that are easy to install and use, so you can scale up the system based on your specific home security and automation needs.

LTE-400 Compatible Accessories

- Door/Window Sensor**
DWC-102
Detects for openings of any door/window/drawer and alerts; indoor use only
- Pet-Immune PIR Motion Detector**
PIR-910
Detects for human motion while allowing your pet (under 25kg / 55lb) to move about in the house with complete freedom; indoor use only
- Remote Control**
RC-80
Easy to carry around on a keychain or in your pocket or purse, the RC-80 helps you quickly arm or disarm your alarm system within range, and comes with an SOS panic button
- Water Flood Detector**
WF-210
Alerts when liquid is detected; indoor use only
- Vibration Detector**
VD-80
Alerts when vibration is detected; indoor use only
- Glass Break Detector**
GT-126
Alerts when the sound of glass breaking is detected; indoor use only
- Smoke Detector**
SMK-500
Sounds built-in siren and alerts when smoke is detected; indoor use only
- Panic Button**
SOS-100
Sends emergency alert when the SOS button is pressed
- Wireless Keypad**
KP-700
Arms/Disarms/Home Arms your alarm system with your pin combination; indoor use only
- Indoor Mini Strobe Siren**
WS-105
Deters any would-be intruders with a 90dB siren sound and rapid flashes; indoor use only
- Outdoor Wireless Strobe Siren**
WS-280
Deters any would-be intruders with a loud 105dB siren sound and rapid flashes; weatherproof design for outdoor use
- Solar-Powered Siren**
SPS-260
Deters any would-be intruders with a loud 110dB siren sound and rapid flashes. The SPS-260 is an outdoor-rated, solar-powered siren, completely free of wires
- Wireless Signal Repeater**
RT-101
Effectively enhances wireless radio signals for longer transmission distance; indoor use only
- Solar-Powered Dual-Tech Motion Detector**
PIR-926
The PIR-926 accurately detects for human body movements and effectively cuts down on interference and false alarms with dual-mode detection: infrared and microwave. The solar panel and waterproof housing make the PIR-926 ideal for outdoor use
- Multi-Beam IR Sensors**
AID-420
Detects for intruders walking through the invisible infrared beams between the two sensors; can be up to 6m / 20 ft apart; outdoor-rated
- Pan/Tilt Smart AI Camera**
PT-300Q
1080p HD WiFi Camera, your smart eye and ear to your home ; AI human detection can greatly reduce false alerts.
